

The **Methodist** Church
in Cardiff and Caerphilly

Praying for young people

A selection of prayers to bring to mind some of the issues young people and those working with young people face in today's world.

We ask that with the aid of this leaflet you join with us in praying for young people in Cardiff and throughout the world. We pray for those who are a current part of Christian Youth Work and those who no-one has ever told about Jesus.

On the following pages you will find one theme per week for the academic year. Some of these titles are events young people are involved in, others are issues that young people have to face in their daily lives.

To accompany this list and in an attempt to start to explore some of the themes behind these titles you will find more information added weekly to our blog or on the Youth Space website.

For more information on these titles and other seasonal and topical prayers for young people visit our blog.
