

Youth Space

By young people
For young people
For God

Do you use a printer at home? *Are you responsible for the ink/toner cartridges at work?* Youth Space could benefit from your empty ink and toner cartridges.

In association with RecyclingAppeal.com Youth Space can recycle your used Printer and Toner cartridges (*excluding Epson*) to benefit both the environment and our Youth Project.

We are also collecting old mobile phones and PDAs which are sent off to have the valuable metals extracted not only saving them from leaking into the environment in landfill but also providing funds back into the Cardiff Circuit's exciting new venture.
