

Dear Steward / Notices producer / Minister / Local preacher

I realise this is short notice, however I am writing to introduce to you and your congregation the first project from Youth Space. Please could you include the attached poster or the text below or even both in your church notices THIS SUNDAY (6th September 2009) and place the posters all over your church notice boards where they will get seen by the Sunday congregation to enable as many young people to know about it as possible in this short space of time.

Once again I apologise for the short notice of this event but we wish to start as soon as possible.

Youth Space 1

Not such an inspiring name - well that's because we haven't started yet. In the spirit of empowering Young People the Youth Space project has a dull logo and dull group names so far because - we want the young people to take control. After all - this is church By young people, For young people, For God.

Aged 11–18? Want to get involved? Just come along - but make sure you bring a parent/guardian who drops you off in as we need them to fill in a quick form to make sure your safe whilst you're with us.

We are meeting in Wesley Methodist Church, Canton (on the corner of Nottingham Street and Cowbridge Rd East) on Sunday evening, 19:00–20:30 and want you not only to join us, but to shape Youth Space 1 and the Youth Space into your vision of church.

For further details (not that any exist yet) contact;

Ian—Cardiff Circuit Youth Worker
